SAMMI
CONSTANTINE

Endorsed by **BBC Radio 1** as, "Alt pop's... next big star", Sammi Constantine, who is a Sydney-based, self managed and independent artist, radiates strength and independence in all aspects of her craft. Her music is dark, electric and edgy, while her lyrics present honest, raw and authentic stories about life. Constantine has quickly become one of the "most talented singer-songwriters in the business" and has been engaging audiences on stage and off but really rose above the noise in 2019 after being hand picked by **Rita Ora**, to support her on her Phoenix tour all around Australia. Constantine's music not only resonates with fans, but it is continuously well received by radio stations around the country and beyond, including **BBC RADIO 1, KIIS FM, Triple J, iHeartRadio, Raw FM, FBI, SYN, Club Lime Radio, aBreak58** (US) + more across AUS, UK, NZ and US.

Constantine's recently debuted EP "Dopamine" saw industry support on **TikTok's** Women of AU & NZ playlist, **AMAZON** playlist "Pop Lab, **YouTube** "RELEASED", **Apple Music** "New Music Daily", New In Pop. **Spotify's** NMF, New Dance Beats, Friday Funday, Bass Arcade, Fresh Finds AU/NZ + many more. The EP tracks "Lemonade", "Wannabe" & "Dopamine" have all received raving reviews on **The Music Network, The AU Review, Tone Deaf**, + many more - it's safe to say Sammi Constantine is one to watch!

Additional notable shows include: Selling out her recent headline show at the Lansdowne in Sydney. Main support for UK multi instrumentalist **Jacob Collier**. Festival spots and supports, sharing stages with the likes of **ILLY, KLP, Ocean Ally, Twenty One Pilots, Amy Shark, Nicole Millar, Northeast Party House**. And with guest appearances for **TYGA, 360** and many more!

Sammi's struck a mesmerising balance of sophisticated and controlled dark pop that still revels in the chaos and drama. Bring on this fiery era of Sammi Constantine!!

Any person with their finger on the Australian pop pulse has likely come across Sammi Constantine at some point. Her versatility is a testament to her prowess in songwriting and the talent captured within.

"Sammi easily caught our attention as one of the most talented singer-songwriters in the business. Bruce Tyler, CEO at aBreak Music

"In a world where it's easy to follow the same formula for success - Sammi Constantine cuts through by being herself and bringing her angelic vocals to the alt pop scene to become its next big star" - Nels Hylton BBC Radio 1

I was simply blown away by Sammi's performance. Sammi is such an enigma - She is completely effortless in her performance, and her melodies. I'm not surprised to hear that she has a few audience members travelling far and wide to see her perform!!
